

COMPASSION IN ACTION

The Family YMCA of Greater Augusta is a key resource in bringing people together, bridging gaps, supporting community needs and providing opportunities for youth, adults and seniors. Through the generosity of our community during our Annual Community Support Campaign, we raise funds that turn our compassion into action. Donations are used to provide financial assistance for Y membership and programs, and to support our outreach programs like A Place To Dream, Cheryl's Kitchen Food Program, Safety Around Water and more.

meals served to
children and families
in 2025 through our
Cheryl's Kitchen
Food Program

\$51,579
raised in 2025 Community
Support Campaign and given
back to the community

2,100
beds delivered to
children in need through
A Place to Dream

MISSION MOMENT

When federal SNAP benefits were paused last year, many families in our community were suddenly left wondering how they would put food on the table. Through Cheryl's Kitchen, the YMCA stepped in to help fill the gap. Families visited Y food pantries to receive shelf-stable groceries and, when available, fresh produce and frozen meat - simple items that made an overwhelming moment feel manageable again. Around the holidays, the Y went even further, hosting pop-up grocery giveaways to ensure more families could gather around a full table. Because at the YMCA, no family should have to face hunger alone.
